- Though there r compulsory moot its just not enough. As a student I personally found tjt difficult but it's totally different when you practice in real even arguments in court. therefore it's important to teach basic things like ... types of cases , filing of the case , in which court, stages,steps , More of inventory cases , NI matters should b reffered. / copies of over cases will definitely help.

- Curriculum needs to keep up with the times and demand. Newer types of contracts, data protection, privacy laws, IT Act and rules, execution of contracts, practical learning on IP registrations etc. needs to be included.

Practical subjects should be given more importance

- The college should introduce Goan Laws I e. Goa Succession and special Notaries and inventories Act, Goa Tenancy Act, Panchayat Raj Act Goa Land revenue Act.
- Should also give more focus on C.P.C, Cr.PC and Evidence Act and also allot the subject to an experienced professor who has thorough knowledge of the same.
